OUR COURSES

Sustainable Education

Ruskin offers transformational learning - for adults aged 19 to 99. We change the lives of our students, but we have a social agenda too, and our courses are designed to feed back into our college community, wider communities and society as a whole: a sustainable education.

We offer everything from short taster courses through to full university programmes for adults in the categories below:

Creative, Arts & Media

You can find your ideal educational path with our range of creative, arts and media courses. Whether you are taking your first steps into employment in this exciting sector or wish to develop your professional or life skills, we have a range of courses to suit you.

Community, Youth & Social Work

Education at Ruskin has always been about the transformation we make not just to individuals, but also to our communities. The focus of our programme of Community, Youth & Social Work courses is towards working with people, young and old, to improve society as a whole.

Digital Skills

We are living in an increasingly digital world and employers are keen to see the right computer skills on your CV. Our suite of IT and digital courses will ensure that you have the technological know-how to get on in work and life, and enhance your prospects for a successful career.

NEW COURSES

Have a look through our curriculum for 2020-21 to find the course that's right for you. We've added lots of new courses from digital, lifestyle and horticulture to wellbeing humanities and skills to improve your career.

COME TO AN OPEN DAY

Open Days are a great way for you to find out more about Ruskin: our teaching, our courses, our campus and how we can help you take the next step on your learning journey.

Health, Social Care & Wellbeing

Our Health, Social Care and Wellbeing courses aim to develop you as an individual and enable you to improve the lives of others. From nursing and counselling through to mental health and fitness, you can study at your own pace and level to improve your wellbeing and gain new qualifications.

Skills for Work & Life

We have a wide range of courses designed to help you improve your personal and professional prospects. Whether you are looking to get into employment, to progress in your work, or simply to generate the skills to improve your life in the UK, we have the course for you.

Sustainability & Horticulture

As a college with activism at our heart, environmental sustainability is a crucial and urgent issue for us. We offer a variety of courses that will help you make a difference in your local and global communities, and give you the chance to get active on our beautiful green campus too.
